Finmeccanica confirmed for the fourth consecutive year in the Dow Jones Sustainability Indexes World and Europe

Finmeccanica has been selected and admitted for the fourth consecutive year to the Dow Jones Sustainability Indexes (DJSI) that reward the behaviours of the companies most committed to sustainability themes.

Finmeccanica is one of the four A&DS companies admitted to the Dow Jones Sustainability Indexes World, and one of the three companies of the same sector admitted to the Dow Jones Sustainability Index Europe.

Gianni De Gennaro, Chairman of Finmeccanica, signifying his satisfaction for the result achieved, declared: “This new prestigious international award is a clear evidence of the Group capability to operate, in an ethic and sustainable way, in a global context of very competitive markets.”

Finmeccanica is Italy's main industrial group, leader in the high technology field, and ranks among the top ten groups at world level in the Aerospace, Defence and Security sectors. Listed on the Milan Stock Exchange (FNC IM; SIFI.MI), with revenues of approximately 17 billion Euro, over 68,000 employees, 150 operating and commercial locations and 345 production facilities in 50 different countries world-wide, Finmeccanica is an international and multicultural group with an important presence in its four domestic markets: Italy, United Kingdom, the United States and Poland. Finmeccanica's success is based on its technological excellence, which springs from conspicuous investments in Research & Development (amounting to 12% of the revenues), and the constant efforts it makes to develop and integrate the skills, know-how and values of its operating companies. Finmeccanica is active in the following sectors: Helicopters (AgustaWestland), Defence Electronics and Security (Selex ES, DRS) and Aeronautics (Alenia Aermacchi) – which represent its core business – and it is also well positioned in the sectors of Space (Telespazio, Thales Alenia Space), Defence Systems (Oto Melara, WASS, MBDA), Energy (Ansaldo Energia) and Transportation (Ansaldo STS, AnsaldoBreda, BredaMenarinibus).
